(near St. Peter's Garden Centre, Norton. 5mins off Jcn 7, M5)

=====

**Dave Shaw is a professional Dog
Trainer and Behaviourist, and has now
expanded to offer boarding for dogs, all
breeds and sizes.**

TEL: 01905 821767

**We offer first class facilities at affordable
prices, enabling you to leave your dog in
experienced, safe hands to have lots of TLC
from people who really care**

ABOUT THE KENNELS

The kennels were built in 2008 and are finished to a particularly high specification, built out of block and brick.

All dogs have individual rooms, with constant access to their own private covered runs with UVC protection.

Single and double rooms are available

There is a heated main corridor, with individual heating in each room to cater for varying needs of each dog

Surroundings are secure, bright & friendly and music plays 24/7 to relax the dogs

Beds, bedding, toys, treats etc are all provided

Secure paddocks are available for off lead exercise and ball play for suitable dogs, or lead walking if more appropriate. Dogs are exercised morning and evening

Grooming is done daily as part of routine

Dogs are handled by Dave and Gail, with no changes of staff or inexperienced handling

We love dogs and will give your dog loads of TLC

Door to door collection and delivery service is available if required at a nominal fee for your convenience

ON THE DAY

A time between 8am – 5.30pm should be arranged two days before your dog's arrival so that the kennel is ready for you, and someone is available to receive your dog. We have everything here to care for your dog so there is no need to send anything. You may send your dog's food or something special, but please keep it to a minimum.

We will need contact details, Vet details and your dogs' vaccination card. Your dog must be vaccinated against distemper, parvovirus etc., and cannot be accepted into the kennels without an up to date vaccination record, which we need to keep on site. We do not insist on kennel cough vaccine, although always recommend it. Please ensure kennel cough vaccinations are given in plenty of time, at least 3 weeks before the dog is due to come in. Any doubts or queries - consult with your Vet.

Payment can be made on arrival or departure, please see price list for details of how to pay.

We look forward to hearing from you and will do all we can for you and your dog/s.
